WHAT CHANGED

- **Text size:** Compact (default), Medium and Large. "Send a test push" removed from Settings.
- **Look:** smaller text, cards, pills and photos; slimmer Home header; "Leaving soon" and "Next up" as separate cards; default profile picture dark green with white initials; bottom bar hides while scrolling.
- **Trips and activities:** smaller faces in "Who's going"; trip review with white cards and summary; AM/PM switch in the time picker; map preview in Create; Saturday shown in the Android date picker.
- **Maps:** search by place, activity or category; activity card pulls up to the search bar; calendar in the HERE filter; "How far?" removed; no flicker on the pin card; "Near me" shows your town.
- **Profile and chat:** THERE profile header fades from white to sand; message box grows with the text; Following and Followers numbers match their lists.
- **Sign-up:** password length hint, email already used message, swipeable welcome screens.
